

Dublin Food Chain is a marketing and networking group which helps link trade buyers and Dublin's food producer community. The Dublin Food Chain is an initiative of the Local Enterprise Offices in the Dublin Region and supported by Bord Bia.

Following on from the success of last year's producer showcase, we are delighted to announce this year's event which will take place on **February 12th, in the Red Cow Hotel (between 10.00 – 12.00)**, where up to 40 Dublin producers will showcase their products. As well as established producers, some brand new food entrepreneurs will also be exhibiting.

This will be an ideal event for you to find new innovative products for your range.
